From PHS Administration

Poudre Parents,

October brings with it cooler temperatures, changing colors, and a sense of accomplishment as we near the end of our first quarter. We encourage parents and guardians to stay connected with the staff who support your students every day by attending our Virtual Parent-Teacher Conferences on October 6th from 4:30-8:00pm. Make sure to sign up for a time slot with your student’s teachers. Some teachers may not be available during specific times, but don’t worry, they will make sure to connect with you and find a time that works for both of you.

This month we also showcase some of our talented Poudre performing artists. On October 6th at 7pm, we’ll host a vocal concert featuring all of our choirs-- Impressions, Impalaphonics, Impromptu and Special Edition. We’ll wrap up the month with our fall musical, The Little Mermaid. Performances are scheduled for 7pm on October 29th, October 30th, November 4th, 5th and 6th. If you have not yet seen a Poudre High School production, this is one you won’t want to miss. Bring your families and friends out for an enchanting evening under the sea!

Sincerely,

PHS Administration

NORTHERN COLORADO

2021 Colorado Free Application Day\$

In 2021, Colorado's Free Application Day has expanded to become "Free Application Day\$"! The fourth-annual state-wide initiative has grown from one day to three days:

Tuesday, October 19 - Thursday, October 21, 2021.

Applicants who submit their admission application to Colorado's colleges and universities during this three-day period can do so for **free**. Please follow the application instructions listed below.

And remember, while the application must be submitted during this three-day period to be eligible for the application fee waiver, **applicants can begin working on their admission applications now**. Save your on-line work and submit the admission application October 19 - 21.

Application Instructions:

[Click here to view instructions](#) on how to apply for admission for free during Free Application Day\$.

Colorado is "Test-optional"

First-time freshmen applicants have the **option to include or not include their SAT or ACT scores** with their college applications as Colorado colleges and universities are now **"test-optional"** due to recent legislation. To learn more about the test-optional policy click [here](#).

Who is Eligible to Participate in Free Application Day\$?

All residents of Colorado who are applying for undergraduate programs at participating Colorado colleges and universities are eligible to submit their admission application for free on October 19 - October 21, 2021. Undergraduate programs include undergraduate level certificates, associate degrees, and bachelor degrees. First-time freshmen, transfer students, returning students, and applicants seeking a 2nd bachelor degree are all eligible. Applicants for graduate level programs are not eligible.

The actual admission application must be submitted starting Tuesday, October 19th until midnight on Thursday, October 21st to be eligible for the fee waiver. However, applicants can and are encouraged to begin filling out the application before this time - the application must be submitted during this three-day period.

If the college/university has **additional application documents** required as part of the application process (for example, high school transcripts, letters of recommendation, etc.) they can be submitted before or after October 19 - 21.

2021 Colorado Free Application Day\$, continued...

It is always free to apply to Colorado's community colleges.

Colorado community colleges never charge to apply for admission.

Helping you reach higher

[My Colorado Journey](#) has resources that help you discover your talents and interests, find a matching education or training program and successfully submit an application.

What's next?

After you apply, it's important to file the [Free Application for Federal Student Aid \(FAFSA\)](#). The FAFSA is your ticket to grants, scholarships and work study positions that can put college in reach. [Learn how you can get your piece of the pie!](#)

Why do we have Free Application Day?

To inspire more Coloradans to continue their education, all 32 public colleges and universities in Colorado and several private institutions will allow students to apply for free on Tuesday, October 19 - Thursday, October 21, 2021 as part of the fourth annual [Colorado Free Application Days](#).

Colorado Free Application Days cap off [Colorado Applies Month](#), a five-week campaign that guides 11th and 12th grade students and adult job seekers along the application process.

The statewide push is designed to increase Colorado's stagnant college-going and FAFSA completion rates. Despite being one of the most educated states in the country, Colorado sends just 56 percent of high school graduates to a college, university or certificate program, and just 50 percent of students submit a FAFSA application—a key indicator of students' likelihood to continue their education.

By removing barriers for students to achieve a credential, Colorado can increase the number of students who complete their programs and enter the workforce with a degree or competitive skills. Nearly 75 percent of Colorado jobs require a postsecondary credential. Colorado Free Application Day encourages residents to live up to their fullest potential.

2020 Colorado Free Application Day Results:

View [results for free application day 2020](#) - thank you to all who participated and helped make the day a success.

All 32 state colleges and universities and several private institutions waived admission application fees for Colorado residents on Tuesday, October 13, 2020 as part of the third annual Colorado Free Application Day. A quick summary of the day can be found [here](#), and additional details are included in this [press release](#). Free Application Day success data cited in these resources include:

- **56,896** total applications submitted
- Over **\$2.3 million** in application fee savings
- **44%** were submitted by students of color
- Almost **30%** were submitted by first-generation students

Many individuals contributed to making this initiative a success, but a special thank you to all the high school counselors and frontline staff in the college admission offices across the state for your hard work on this program!

Health Office News

Turn-in Updated Vaccination Records

If students have received any immunizations since the beginning of last school year, or are new to Poudre School District, we need an up-to-date copy of immunization records. If parents choose to decline the required immunizations for non-medical reasons, they must complete an online educational module that can be found on the Colorado Department of Public Health & Environment website or print off an exemption form and have their doctor sign it. These forms can be found on PSD's website, under student health, under immunizations. Non-medical exemption forms must be completed every school year. If parents choose to complete the online module, the school needs a printed copy of their certificate. If parents choose to have their doctor sign the form, the school will need a copy of it. If students are missing required immunizations and have not turned in the proper immunization exemption forms, parents will be notified that their child may not be at school after November 1st until they either receive the required vaccines, are in the process of receiving required vaccines, or complete the necessary exemption forms. If you would like information on where to find free or low-cost immunizations, please visit COvax4kids.org or call the Larimer County Department of Health and Environment.

Update Phone Numbers

Please make sure phone numbers and emergency contacts are up to date with the school. This is the main way the school contacts you in case of an emergency. If students are ill or hurt, we must be able to contact you. If changes occur throughout the school year, please update ParentVUE.

Update Health Conditions

If your child has any health conditions that the school has not been notified about already, please contact the school nurse, Barb Gomez, or the school health tech, Hailey Pasierb. Updated health conditions allow us to make sure every student is receiving the care they need.

Kitchen News

The PSD Child Nutrition team works with local and regional vendors in ensuring our 25,000 students are served healthy and nutritious meals every day. Currently, unprecedented food shortages have been affecting PSD and school districts nationwide. The Child Nutrition team is working closely with suppliers and the US Department of Agriculture to ensure every student who wants a meal, gets one.

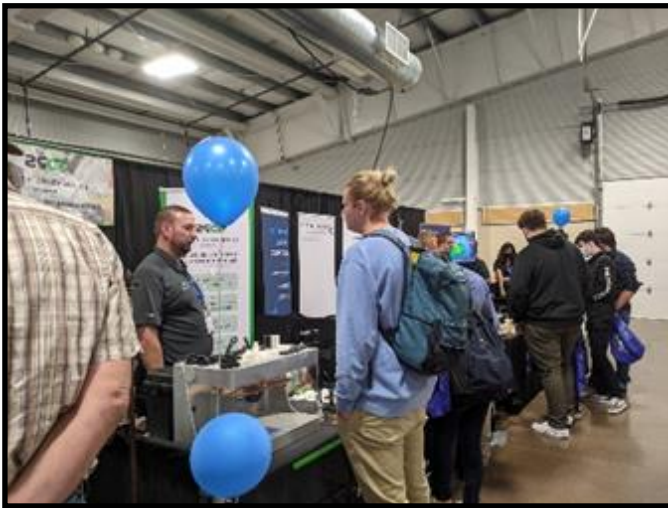

With this challenge, Child Nutrition can no longer guarantee specific ingredients. Ingredients posted on the online NutriSlice menu page are for reference only. Actual ingredients and food substitutions are, available daily through each school's kitchen. Updated information will be posted online as food suppliers are able to guarantee product availability.

Families with meal modification forms on file have been contacted directly, but if you have further questions, contact the Child Nutrition Department at 970-490-3557.
