From PHS Administration

Welcome PHS families to the 2022-2023 School Year!

We hope you all had a relaxing and rejuvenating summer. We definitely needed it given the stress and unpredictability of the last few years. Truly, we are thankful and excited to be starting a new school year with all of our students. The most important thing for you to know as you plan and consider the upcoming school year, is that we are eager to resume teaching, learning, and working with our students. We are committed to ensuring the safety and health of our students, staff, and families. We will be following the guidance for K-12 schools as outlined by the Colorado Department of Public Health and Environment, and we will adjust our practices as needed. We also recognize that relationships and connection are incredibly important to teenagers' lives, and we will offer numerous opportunities throughout the school year for students to connect to adults, peers, and to their interests. We're encouraging all families to engage in their students' high school experiences as well. We will have multiple opportunities for family engagement, and while teenagers may not be quick to extend an invitation to you to join in their high school activities, remember that the invitation is always open. Now, more than ever, we are reminded that as a school community, "I am who I am because of who we are." Thank you for your support as we begin the 2022-2023 school year!

BACK TO SCHOOL

Sincerely,
Poudre High School Administration

Poudre Protocols for Safety

In order for us to keep one another safe, there are some safety guidelines we must follow. This is the ultimate Ubuntu--I am who I am because of who we are. We are Poudre!

Health guidelines are continually changing, so we will do our best to communicate our practices as soon as we are informed by the Superintendent. Currently, the protocols below are being enforced:

- PSD is strongly encouraging but not requiring staff or students to get COVID-19 vaccines.
- PSD is a mask-friendly district. Masks are highly recommended and supported for people who are unvaccinated.
- We will continue to emphasize the importance of hand washing and frequent cleaning.
- We will stress to individuals to self-monitor symptoms; anyone experiencing symptoms should stay home.
- When outbreaks occur, PSD will work with LCDHE to determine the appropriate response.
- PHS staff will make use of outdoor spaces and ventilation, such as opening windows, if possible, and use of box fans.

Off periods:

If a student has an off period, they have a few options for where they can go during the period:

1. They may leave campus
2. They may go to the Media Center
3. They may go to the Commons

2022-2023 Schedule

Parents and students,

For those of you unfamiliar with our schedule, we have a hybrid-block schedule, meaning some classes will meet daily and other classes will meet every other day. This schedule was created after piloting the full block schedule and getting feedback from staff, students and parents. This hybrid-block is incredibly flexible in that we are able to embrace the benefits of a 4x4 block, which include fewer classes for students to juggle, fewer transitions within the day, smaller student caseloads for teachers, and more frequent opportunities for credit recovery and/or acceleration. In the hybrid, we will also have some classes that meet every other day over a longer period of time--either the full semester or year. These classes will be noted as (A/B) on a student's schedule. This A/B schedule meets the needs of classes that have end-of-year external assessments or need more time for reading, writing or research.

The schedule looks like:

M-T-Th-F Schedule		
Period	Start Time	End Time
1	9:05 AM	10:35 AM
2	10:42 AM	12:12 PM
Lunch	12:12 PM	1:03 PM
3	1:03 PM	2:33 PM
4	2:40 PM	4:10 PM

Wednesday Schedule		
Period	Start Time	End Time
1	9:50 AM	11:10 AM
2	11:17 AM	12:37 PM
Lunch	12:37 PM	1:23 PM
3	1:23 PM	2:43 PM
4	2:50 PM	4:10 PM

Please note that our start and end times have shifted by 10 minutes.

Late Start and Collaboration:

On Wednesdays students will have a later start time. This allows our staff to engage in collaboration and intervention work with colleagues. Buses will still arrive at the usual time, students will be allowed to use the Media Center and get breakfast in our cafeteria.

Welcome Back Students and Families!!

Work-based Learning is a class students can take and get high school elective credit for working at a job, internships, and apprenticeships. To see what's currently available, students can log into their Xello account, click the "Explore Options" in the center of the page, next scroll down and look for the area on the bottom right corner "Opportunities" and click "Let's Go". You will see all jobs, internships, apprenticeships and more regarding Work-based Learning opportunities. The opportunities are updated daily so check often.

If you have any questions, please feel free to reach out to me, Wendy Tomaschow, Work-based Learning Coordinator at Poudre High School. My email is wtomasch@psdschools.org and my work cell number is 970-661-2909.
